GENERAL JOBBING WORK.

CRAIG'S EXCELSIOR COTTON AND HAY PRESS.

Patented May 7, 1861, and July 4, 1865. Premium taken at the Kentucky State Agricultural Fair, 1865.

This Press Consists of but Few Parts, all Simple & Substantial.

One mule (or horse) and five hands can press from 50 to 60 bales, weighing 500 lbs. each in one day of 10 hours; the bales, when finished, being 24 inches square and 4 feet long, or can be made, if desired, 20 inches square and 4 feet long, thus avoiding the necessity of compressing them again for the Ship, and saving at least one half the bagging and rope, besides a great saving in freight and hauling.

The Press, complete, (frame of the best White Oak and well painted,) will be furnished at our Factory for \$600, or delivered on board Boat or at Railroad Depot, for \$625. When the purchaser prefers, a complete set of irons, with drawings in detail, so that any carpenter can get out the tim! and put up the Press, will be furnished for \$150, including the right to use, delivered on Boat, or at Railroad Depot. The Press, complete, weighs 8,000 lbs; the irons only 1,800 lbs.

Manufactured and Sold by **BARBAROUX & CO.**

Dr. Gates' Private Medical Dispensary

FOR THE TREATMENT OF ALL DISEASES OF THE

**GENITAL AND URINARY ORGANS,
OF BOTH SEXES.**

**DR. H. G. MILLER & CO.,
PROPRIETORS.**

Office, North East corner of Third and Market Streets,

ENTRANCE ON THIRD STREET,

LOUISVILLE, KENTUCKY.

Persons afflicted with any Disease of the Genital or Urinary Organs, such as Gonorrhea, Gleet, Stricture, Primary or Secondary Syphilis, Impotency or Sexual Debility, Seminal Emissions, &c., can secure the best treatment which a long experience in this special line of practice renders us capable, by calling at this Old Established and well known Dispensary.

We devote our entire time and attention to the study and treatment of this class of disease, and are enabled to guarantee cures in the shortest possible time.

Young Men suffering from the effects of youthful indiscretion, and excessive indulgence which unfit them for the enjoyment of the pleasures of life or attention to business, rendering them prematurely old and debilitated, can have all diseases removed, and be fully restored to their pristine health and vigor, by timely application to us.

We use no irritating or caustic injections in the treatment of Gonorrhea. This, like all other diseases, should be treated upon philosophical principles. Having its different and distinctly marked stages of progress, as the state of incubation, acute or inflammatory stage, and chronic, or stage of decline. Each of these stages requires an entirely different course of treatment. We treat the disease according to the symptoms present at the time. The reason why so many cases of this disease terminate in Gleet or Stricture, is that no attention is paid to this important fact. Some favorite recipe or patent nostrum is resorted to in all stages and conditions of the disease. Probably in one case in ten it answers the purpose, but in the other nine, a permanent Gleet, or something worse, is the result. The indiscriminate use of injections in this disease, very seldom fails to inflict permanent and lasting injury. In the treatment of Primary Syphilitic Chancres, or any kind of external disease of the genital organs, we have a remedy which we have never known fail in a single instance to effect a permanent and lasting cure in less than one-fourth the time it requires to patch up a cure by any other process within our knowledge.

This remedy has entirely superseded the use of Nitrate of Silver, Black Wash, and all other caustic and mercurial preparations, in the treatment of this class of disease. If you wish to be cured sound and well, in a few days, by a pleasant, painless and harmless remedy, do not subject yourself to Nitrate of Silver or any similar treatment. If you have been under such treatment for weeks or months, and your flesh is not all destroyed, our remedy will cure you sound in a few days. The destructive progress of the disease is arrested, the poisonous virus is destroyed, and a healing process set up immediately upon the application of this remedy.

ANTI-VENEREAL POWDERS.—We are agents for Dr. Rinsand's celebrated Anti-Venerereal Powders. A certain preventive against the contraction of all kinds of venereal disease. Price \$5 a box. We are also sole agents for Madame Capraul's Female Monthly Pills. A certain, safe, and effectual remedy for all female diseases. Such as irregularities or obstructions of the menses, whites, etc. Price \$1 per box. Also for Madame La Croix French Preventive Powders. By their use married ladies may limit the number of their offspring at pleasure, without the least danger of injury to health. Price \$2 per box. We also keep for sale the best quality of the celebrated French Male Safe and Caps. Price 50 cents each, or \$5 per dozen. Any of the above articles sent by mail or express, securely sealed, to any address, on receipt of price.

Persons at a distance, by sending a brief statement of their symptoms, will receive a blank chart containing list of questions, our terms for treating their case, etc. Medicines sent to any part of the country, to cure any case at home, free from damage or curiosity. All consultations private and confidential. Secrecy inviolable in all cases. Our office is so arranged that persons calling never see any one but ourselves.

Office hours from 8 to 1, and from 3 to 6. Medical Treatise Circulars, &c., furnished free upon application. Address all letters,

In the Clerk's office of the District Court of the United States for the District of Kentucky.

GROVER & BAKER'S

CELEBRATED FIRST PREMIUM

FAMILY SEWING MACHINES

IMPORTANT FACTS FOR THE PUBLIC.

FIRST—The machines manufactured by the Grover & Baker Sewing Machine Co. have taken the FIRST PREMIUM at the late State Fairs held in New York, New Jersey, Pennsylvania, Ohio, Indiana, Illinois, Michigan, Iowa, Missouri, Kentucky, Tennessee, Virginia, North Carolina, Alabama and California.

SECOND—The work executed by the Grover & Baker Machines has received the FIRST PREMIUM at every State Fair in the United States where it has been exhibited.

THIRD—Experience proves that there are only two valuable sewing machine stitches—THE GROVER & BAKER STITCH, and THE SHUTTLE STITCH, by some called "LOCK STITCH." These stitches have each their peculiar merits and excellencies. For some purposes the one stitch is better adapted, and for some purposes the other, and a selection should always be made accordingly.

FOURTH—The Grover & Baker S. M. Co. manufacture in addition to their celebrated GROVER & BAKER STITCH machines, the most perfect SHUTTLE or "LOCK STITCH" machines in the market, and afford purchasers the opportunity of selecting after trial and examination of both, the one best suited to their wants. Other companies manufacture but one kind of machine each, and cannot offer this opportunity of selection to their customers.

FIFTH—The Grover & Baker S. M. Co. are the only parties who manufacture and sell machines which both SEW PERFECTLY and EMBROIDER PERFECTLY.

A pamphlet containing samples of both the Grover & Baker Stitch and Shuttle Stitch in various fabrics, with full explanations, diagrams and illustrations, to enable purchasers to examine, test and compare their relative merits, will be furnished, on request, from our offices throughout the country. Those who desire machines which do the best work, should not fail to send for this pamphlet, and test and compare these stitches for themselves.

Grover & Baker's Sewing Machine Cotton will be found superior to any in the market. It is made by the best European manufacturers, and put up on spools of 200 or 500 yards, expressly for the Grover & Baker S. M. Co. In consequence of extensive and timely arrangements with these manufacturers, we are able to sell this superior Cotton below the prices of other leading manufacturers.

Grover & Baker's Sewing Machine Twist, long recognized as the best in the market, furnished in any quantities desired at wholesale or retail at the lowest market prices.

GROVER & BAKER S. M. CO.,

HISTORY RECORDING ON TIME THE EVENTS OF NATIONS.

DEDICATION.

TO THE HON. JAMES GUTHRIE,

President of the Louisville and Nashville R. R. Co.

DEAR SIR: The dedication of this volume to you is an act not only of inclination but of duty. Appreciating your great worth as a distinguished American Statesman and Practical Business Man, I take the liberty of dedicating to you our second annual issue of the Louisville City Director.

Very Respectfully,

RICHARD EDWARDS.

INTRODUCTORY.

The Publishers take pleasure in presenting to the public the Second Volume of EDWARDS' LOUISVILLE CITY DIRECTORY. Every exertion has been made and no pains or expense has been spared to make it a correct and reliable guide to the inhabitants, business, and institutions of the city.

Much inconvenience was caused by the re-numbering of the buildings during the canvass. Where it was possible, without delaying the book too long, we have given the new numbers, and we hope that in our next volume we shall be able to give all the numbers correctly.

We would also call attention to the increased size of the Directory, and the very handsome style of binding and printing, as well as to the immense amount of labor and money which has been expended in the compilation and publication, and it is probably the most expensive book of its kind—and cheapest in price—ever issued. The extremely low price at which it is sold, cannot but meet the approbation of our patrons and the public.

We have also added this year a New Map of the City, which will prove a great convenience to all who may have to refer to the Directory for information.

At the solicitation of many of the leading merchants, we have also added a complete directory of the two neighboring cities of New ALBANY and JEFFERSONVILLE, which we hope will prove of mutual benefit to each city. There are about Four Thousand names in the New Albany department, and in Jeffersonville nearly Two Thousand, besides the Classified Business Directory, etc., of each place; thus showing that these cities are also increasing in population and wealth.

In closing, we here acknowledge our obligations to all who have furnished information for the work, and especially to our patrons who have substantially aided us in our arduous duties.

Respectfully,

EDWARDS, GREENOUGH & DEVED,

Publishers.
